Re: EEO Public File Report

WAGT Television, Inc. has entered into a JSA/SSA agreement with WJBF-TV, a Media General Station, which has reduced the full time operating staff employed by WAGT to 3 people. This exempts WAGT from required EEO and public file reporting obligations.

WAGT is an equal opportunity employer and regardless of reporting status will continue to seek and recruit qualified candidates per EEO guidelines for each position that becomes available.

Respectfully,

Mike Bell
President/Station Manager
